## PROFESSIONAL SUMMARY

---

As an Information Technology student, I have gained knowledge in programming and database management. I am passionate about learning new technologies and adapting to modern industry practices. I work well in teams, share ideas, and enjoy solving problems. I am seeking an entry-level position to enhance my technical skills, gain practical experience, and build a strong career in the IT industry.

## EDUCATION

---

### ANURAG UNIVERSITY

Bachelor of Technology in Information Technology

CGPA:6.7/10

2023-Present

### Sri Chaitanya Junior College

Intermediate (SSC) MPC

81%

2021-2023

## PROJECTS

---

### Student Team Collaboration Portal

- Built **Collab Hub**, a student project collaboration platform using **React and Spring Boot (STS)**.
- Developed features for **project creation, team joining, and member management**.
- Integrated **REST APIs with Spring Boot, JPA, and MySQL** for backend operations.
- Designed a responsive React interface for smooth project collaboration and tracking.

### Expense Vision — OCR-Based Receipt Processing and Fraud Detection

- Developed Expense Vision using React and Python for smart expense and financial document analysis.
- Built features for OCR-based data extraction, expense tracking, and verification of uploaded bills/documents.
- Applied AI/ML techniques to detect tampering, analyze spending data, and improve fraud identification.
- Designed an interactive interface for expense upload, report generation, and analysis tracking.

## Technical SKILLS

---

- **Languages:** C, Java, Python , HTML , CSS
- **Database:** MySQL.
- **Tools :** VS Code,Git,GitHub
- **Concepts:** OOPs, DBMS , Data Structures

## CERTIFICATIONS

---

- **INFOSYS :-** Fundamentals of Python Programming.
- **WIPRO FUTURE SKILLS :-** Artificial Intelligence & Machine Learning
- **Google Cloud :-** Introduction to Generative AI.
